

Outline
IAU Talk
T. V. Johnson

OVERVIEW OF GALILEO MISSION

- 1. History
- II. Current Operations
- III. Science Highlights

Talk will be put together from the attached materials. Please inform ASAp traveler if any of these is judged to be a problem.

Last minute changes based on new data will be added just prior to talk.
Will submission of these materials at time of departure be o.k.? If not, what is deadline? Cannot fulfill requirements if can't use latest materials.
